

Request JA In Your Classroom

Request Elementary School Program

The Elementary School Program includes seven sequential themes for kindergarten through sixth-grade students. Students learn the basic concepts of business and economics, and more importantly, how education is relevant to the workplace. The activities build on studies from preceding grades and prepare students for secondary school and lifelong learning. Each program involves five lessons, and each lesson is approximately 45 minutes long.

Request Middle School Program

The Middle School Programs reinforce the value of education and teach students about the economic benefits of staying in school. Each program involves six to eight lessons, and each lesson is approximately 45 minutes long.

Request High School Program

The High School Programs help students make informed, intelligent decisions about their future, and also foster skills that will be useful in the business world. With a wide range of programs, JA teaches various concepts from microeconomics and macroeconomics to free enterprise, entrepreneurship, and financial literacy. Each program involves six to eight lessons, and each lesson is approximately 45 minutes long.
