

The *JA Ourselves* kit-based program introduces kindergarten students to financial literacy and early elementary grades social studies learning objectives, including personal economics and the choices consumers make to meet their needs and wants. The *JA Ourselves* Resources course includes optional digital assets for some kit items that can be used in classrooms equipped with basic technology, such as a smartboard or a projector with screen and a laptop. Volunteer resource videos are also available within the course to assist volunteers in preparing for their sessions.

### Resource Instructions for Volunteers and Teachers

Six resource videos are available, one for the program overview and one for each session. These 3- to 5-minute videos highlight session activities, offer classroom management tips, and complement existing training as the volunteer prepares for his or her program delivery.

Within the *JA Ourselves* Resources course, under the Resource Videos section, select a video from the menu. The video will begin playing automatically.
